DETAILED ACTION

Claim Status

Claims 2-22 are active in the case. Claim 1 has been cancelled by amendment. Claims 2-17 and 22 are under examination; claims 18-21 are withdrawn as drawn to a non-elected invention.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 22, with dependent claims 2-17, is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is unclear what applicant intends to claim with the phrase “adding an additional amount of the FAOD or a separate FAOD”. The metes and bounds of this claim are unclear. It is not clear if applicant is claiming that no additional FAOD is added of the same kind, no additional FAOD of another kind is added, or if only one kind of FAOD is intended to be used in the method, in which case the type needs to be specified in the first step. Step (C) should be rewritten to clearly set forth what applicant intends to claim.

Claim Rejections - 35 USC § 102

The rejection of claims 1, 3, 4, 8-13, and 16 under 35 U.S.C. 102(b) as being anticipated by Arkray, Inc. (WO 2003/033729) is withdrawn in view of the amendments to the claims.

Art Unit: 1657

Claim Rejections - 35 USC § 103

The rejection of claims 1-17 under 35 U.S.C. 103(a) as being unpatentable over Arkray, cited above, in view of Komori et al (US 2002/0025546 A1) is withdrawn in view of the amendments to the claims.
